**FROM THE EDITOR'S DESK**

Dear Readers,

This issue gives you the importance of micronutrients, their role and availability to the crop. It also explains the Nutrient use efficiency of WS NPK fertilizers and other available fertilizers.

Editor

**Invitation for Technical Data**

We are publishing '**IMMA News**' Bulletin every Quarter with Technical Data on Fertilizers in general and Micronutrient Fertilizers in particular. We do forward the same as an complimentary to the Agriculture Scientists & officers, all over India.

We request all the readers to please send us Technical matter to be published in our '**IMMA News**', which will assist the extension officers to disseminate your ideas to farmers, to increase crop yields.

The '**IMMA News**' Bulletin is also available on our web site <http://www.imma.co.in>
