# INDIAN MICRO-FERTILIZERS MANUFACTURERS ASSOCIATION

*Bringing all round improvement, friendship and unity amongst the manufacturers of micronutrients across India, since over 35 years*

## About IMMA

The Indian Micro-Fertilizers Manufacturers Association (IMMA) works for the welfare of manufacturers engaged in manufacture of micro nutrients. IMMA has a PAN India presence and has been a united voice for Indian micronutrient manufacturers for more than 35 years. IMMA has a seat on key statutory policy making bodies, like the State Fertilizer Committees and the Bureau of Indian Standards. IMMA is also a member of Fertilizer Association of India and the Confederation of Indian Industry.

## IMMA National Crop Nutrition Summits

IMMA brings together all stakeholders - Government, Scientists, Research Institutions, Farmers, other Industry Associations for our flagship National Crop Nutrition Summits for a comprehensive dialogue with IMMA members and based on the deliberations, a Communiqué is released summarizing specific challenges and proposed solutions.

## Policy Advocacy

IMMA continuously interacts with concerned Ministers, Agricultural Commissioner & policy makers at the Central and State Governments

IMMA strives to share best practices amongst members, by bringing together top scientists and researchers for expert technical sessions, visits to best-in-class labs to standardize analytical methods and publishing latest research papers in the periodical IMMA Bulletins

## Knowledge Sharing
